SECTION 29.—No false or fraudulent pedigree, or pedigree containing any false or fraudulent statement or fact shall be admitted to record, and all pedigrees found by the executive committee to have been recorded and not entitled to record, shall be corrected, if the pedigree is genuine and the error does not affect the validity of such pedigree, and if invalid, the same shall be cancelled. The Secretary shall publish in the next volume of the Record all such errors as corrected, and all cancellations under the caption of "Errors and Cancellations." The Executive Committee shall investigate all questionable pedigrees recorded or offered for record, and shall have the right to require affidavits or other proof of any fact they deem necessary to satisfy them that any pedigree is genuine or entitled to record. They may reject any pedigree that in their judgment or opinion, is not entitled to record from any cause. If the Executive Committee shall find that any person, whether a Stockholder or not, shall have knowingly procured to be recorded, or offered for record, or signed or certified any false or fraudulent pedigree of any hog, or any pedigree containing any false or fraudulent statement or fact, no such pedigree or any pedigree signed, certified or offered for record by any such person, shall be recorded, unless the Board of Directors, by order of record, shall first reinstate such person, or order such pedigrees to be recorded. And no pedigree offered for record signed or certified by any person who by reason of wrongful conduct shall be prohibited from signing, certifying or offering pedigrees for record in other reputable record for Poland-China hogs, shall be recorded in this Record, except on the order of record of the Board of Directors first had and obtained.

It shall be the duty of the Secretary to refer said charges to the Executive Committee of this Association, who shall investigate the same fully. Said Committee, shall, if deemed necessary, notify the person charged, and those complaining, in writing, at least twenty days before the date of said hearing, that said charges will be investigated at the office of the Standard Record at some given date, and the interested parties may at that time appear and give such testimony in support or defense thereof, as they may desire. On conclusion of such investigation the Executive Committee shall make a finding of the fact in said case with recommendations as to the disposition of said case, which said recommendations duly certified by them, shall be presented to the Board of Directors of this Association at their next meeting, and said Board shall then consider the same fully and if a majority of the Members Elect of said Board shall vote for the expulsion of any member as a punishment for his conduct, said member shall stand expelled from all his rights in this Association, and no pedigree signed and presented by him for record, shall be received. Upon the expulsion of any member heretofore provided, it is the duty of the Secretary to notify him in writing of said expulsion by depositing said notice in a sealed envelope, properly addressed to his address, and registering same.
